"The onCENTER quality is fantastic.

*At the end of the day it's about
who could give us the best service
and stand behind their product.*

*BlueLinx is very experienced...
They have good quality people and a
very strong support system.*

That really makes the difference."

*—Terry Haynes

"You've got to have a supplier who gets it.

*Anyone can sell lumber, but it doesn't work if
there isn't a top notch supplier...onCENTER is a
far superior product than what we had. We don't
have nearly as many callbacks... That's huge."*
